**PEAK** Train to be a certified call center agent at PEAK

Member of VTC Group  
VTC 維多利亞

The Institute of Professional Education Knowledge (PEAK) is holding information sessions on June 20-21, 2009 from 2pm to 3pm, for those interested in seeking a career in the international call center business.

PEAK trains perspective international call center personnel to help them develop their listening and comprehension skills, improve personality and self-confidence, and reduce regional accent.

Enrollees will undergo training in communication, customer service, sales and marketing, American culture and geography, and business correspondence under a four-month call center certification course.

For more details, contact Ephraim Tsang at **9752-0164** and **5139-8803**.

**The Discovery**

A doctor researching an ancient society deep in the Himalayan mountains, discovered that the people living close to certain wells of water, lived to be over 100 years, had no grey hair, and never lost their teeth. This region between Nepal and India, is considered by many, to be one of the most sacred places on earth.
